

Hello student athletes parents/guardians. We will be launching our fundraiser using the Raise365 App and wanted to answer any questions you may have. Fundraising is vital for the success of our program, and we truly need to raise funds. The Raise365 App has an efficient process in a competitive atmosphere that helps the students raise money in a short period of time and teams from all over the U.S. are having tremendous success.

The first and most important step in starting this fundraiser is asking that each parent/guardian help their student athlete gather emails and cell phone numbers of their 25 biggest supporters (parents, grandparents, aunts, uncles, cousins, older siblings, extended family and former college friends, etc...) Please have this information written on the attached JumpStart25 contact list.

*****ALL contact information is only used by your student for fundraising.*****

The fundraiser will be open for 10-14 days but the launch is the most important time to reach as many people as possible.

We are confident there are many people eager to support our student-athletes and the Raise365 Fundraiser App makes it easy and efficient to do so. This fundraiser will be a success if you help your student develop a quality list of supporters.

Please contact your coach with any questions.
